

Computer Support Specialist

PreventionGenetics is a market leader in Clinical DNA Testing, DNA Banking and Research Genotyping. We are seeking qualified applicants for the position of Computer Support Specialist.

This position requires an Associate degree or Technical diploma in Computer Support, Microcomputer Applications, Network Administration, or a related field. Candidates should have knowledge and experience with Microsoft Windows, computer hardware, and computer hardware and software troubleshooting. Job responsibilities will include general PC set up and maintenance, phone changes, resolving hardware problems, network backup, and basic computer network administration. A+, MCAS, and CCNA certifications are preferred. Experience with Cisco routers and/or Call Manager Express is optional.

We offer a highly competitive salary and an excellent benefit package including: health, dental, disability, life insurance, 401k, profit sharing plan and an employee fitness incentive plan.

Marshfield, located in central Wisconsin, offers a pleasant living and working environment. It provides an excellent choice of public and private schools and affordable housing. Marshfield is also home to a large medical center that includes: St. Joseph's Hospital, the Marshfield Medical Research Foundation, and the Marshfield Clinic.
